

Mines Play Bloch's in First Tilt

DeMolays Oppose Petersons
in Second Contest
Wednesday

SHARPSHOOTING for a City league championship, Coach Mack Saxon's Texas Miners will meet a revamped and rejuvenated

Bloch's Clothing quintet at Liberty hall Wednesday night.

In the other game of the City loop program, the DeMolays, who still have hopes for a league bunting despite a loss to the Miners, joust with Andy Cohen's Peterson quintet.

Players on the El Paso High school team,

PETERS which disbanded this week, have come to the aid of three teams in the league.

DeMolays will have Jean Francis, elongated center for the Tigers. He will be in Tuesday's game, playing either at forward or center.

Bloch's Clothiers have acquired the two guards from the Tigers, Jack Rodgers and Homer Warden. This will make the third Warden to become a member of the clothing crew. John and Milton are the other two Warden brothers on the five.

Andy Cohen made a 10-strike by signing-up Quico Martinez, star forward for the Tigers. Martinez was considered by many as the most valuable player on the Bengal team during the present season. He led the team in scoring and was dependable in every game.

He will be in the starting lineup Wednesday.
