

ANDY and Sid Cohen drew much comment from the big leaguers while they were going through in-field practice.

"You can just bet that that Andy Cohen is a sweet ball player," Bing Miller said.

"And that man on first (Sid Cohen) is not so bad," added Rube Walberg.

Fonseca also watched Sid Cohen intently.

ALL of the players had heard about El Paso drawing big crowds in the Arizona-Texas league last season. And most of them commented on it. Shires also liked the diamond and Miller said he liked this "climate down here."

HARRY KANE, always colorful as an umpire, gave one of his best exhibitions behind the plate. The pitching presented by the big leaguers was up to now. Gomez' fast-breaking curve, caused quite a bit of comment. The young fellow also has a lot of steam.

INCIDENTALLY, the El Pasoans pulled three double plays in the game and the major leaguers failed to stage even one. The game was a bit slow, true, but have you ever seen an off-season game that wasn't slow.
